# JUNCTION BOX

## Surface Mounted ABS Junction Box

Opaque Cover - Grommet Cable Entry

### Product Description

The Qehribar Surface Mounted ABS Junction Box with opaque cover and grommet cable entry is engineered for reliable enclosure of electrical and electronic connections in professional LV and ELV installations. Its ABS construction combines low weight, insulation performance, and mechanical durability, while the screw-fixed opaque cover and grommet-based cable entry support secure enclosure protection and practical installation. Available in model-dependent IP44, IP54, and IP65 versions, the range offers impact resistance up to IK10 and dependable service in operating temperatures from -25°C to +60°C.

### Application / Use

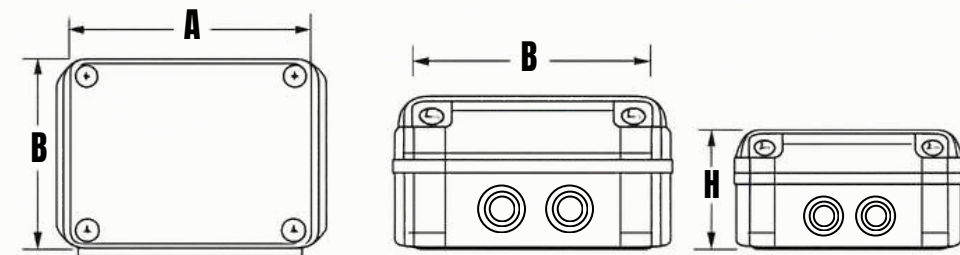

Designed for surface-mounted junction, terminal, and connection-point protection in LV electrical and ELV electronic systems, this range is suitable for industrial, commercial, and general-purpose installations requiring practical cable entry, secure sealing, and reliable environmental protection.

### Features

- Surface-mounted ABS enclosure
- Opaque screw-fixed cover
- Grommet cable entry
- IP44 / IP54 / IP65 options depending on model
- Up to IK10 impact resistance
- UV-resistant, halogen-free, UL94 V-0 material
- Good insulation and corrosion resistance
- Operating temperature: -25°C to +60°C

### Available Range

Product	Surface Mounted ABS
Material	ABS
IP Rating	IP 44 / IP 54 / IP 65
IK Rating	Up to IK 10
Cable Entry	Grommet
Installation	Surface Mounted
Operational Temperature	-25°C to +60°C
Cover Type	Opaque
Cover Fixing	Screw

### Model Selection

Item Code	Material	Dimension	IP Rating	Cable Entry	Cover
		mm			
QPJ-00001C-000	ABS	70x40	IP44	Grommet	Opaque
QPJ-00001D-000	ABS	85x45	IP44	Grommet	Opaque
QPJ-00001E-000	ABS	80x80x40	IP44	Grommet	Opaque
QPJ-00001F-000	ABS	80x120x50	IP54	Grommet	Opaque
